It is easy to read and straightforward in its approach to difficult subjects such as the rise of the Tea Party and how that movement has impacted healthcare. This update is certainly needed as the landscape has changed dramatically since the previous edition was published." --Doody's Medical Reviews The eighth edition of this best-selling text, valued for its concise and balanced introduction to the U.S. health care system, is entirely updated to reflect alterations to health care services, delivery, and financing resulting from the Affordable Care Act. The text describes how our health care system currently functions, the key forces that led to its structure, and the influences likely to shape the industry during the next five to ten years. With an emphasis on policy development, the authors underscore the fluidity of the system and examine the debates and conflicts that have structured health care changes and influenced American values and belief systems. Other new areas of focus include an assessment of who uses health care and in what way, health care trends, and a forecast for the health care system of the future. The text elucidates the basic building blocks of the health care system including its structures, organization, financing, and performance assessment. The World Atlas of Wine 8th Edition Oct 24 2022 "The most useful single volume on wine ever published... If I owned only one wine book, it would be this one." - Andrew Jefford, Decanter Few wine books can be called classic, but the first edition of The World Atlas of Wine made publishing history when it appeared in 1971. It is recognized by critics as the essential and most authoritative wine reference work available. This eighth edition will bring readers, both old and new, up to date with the world of wine. To reflect all the changes in the global wine scene over the past six years, the Atlas has grown in size to 416 pages and 22 new maps have been added to the wealth of superb cartography in the book. The text has been given a complete overhaul to address the topics of most vital interest to today's wine-growers and drinkers. With beautiful photography throughout, Hugh Johnson and Jancis Robinson, the world's most respected wine-writing duo, have once again joined forces to create a classic that no wine lover can afford to be without.
