She also shares ways to bring students into the assessment cycle so they can monitor their own learning, maximizing motivation and engagement. --from publisher description.

A Long Hard Look at 'Psycho' Jan 17 2021 Upon its release in 1960, Alfred Hitchcock's Psycho divided critical opinion, with several leading film

critics condemning Hitchcock's apparent encouragement of the audience's identification with the gruesome murder that lies at the heart of the film. Such antipathy did little to harm Psycho's box-office returns, and it would go on to be acknowledged as one of the greatest film thrillers, with scenes and characters that are among the most iconic in all cinema. In his illuminating study of Psycho, Raymond Durnat provides a minute analysis of its unfolding narrative, enabling us to consider what happens to the viewer as he or she watches the film, and to think afresh about questions of spectatorship, Hollywood narrative codes, psycho-analysis, editing and shot composition. In his introduction to the new edition, Henry K. Miller presents A Long Hard Look at 'Psycho' as the culmination of Durnat's decades-long campaign to correct what he called film studies' 'Grand Error'. In the course of expounding Durnat's root-and-branch challenge to our inherited shibboleths about Hollywood cinema in general and Hitchcock in

particular, Miller also describes the eclectic intellectual tradition to which Durgnat claimed allegiance. This band of amis inconnus, among them William Empson, Edgar Morin and Manny Farber, had at its head Durgnat's mentor Thorold Dickinson. The book's story begins in the early 1960s, when Dickinson made the long hard look the basis of his pioneering film course at the Slade School of Fine Art, and Psycho became one of its first objects.

Or are you worried that you'll have to learn Java programming to become an Android developer? Look no further! This new and expanded third edition of Android Programming for Beginners will be your guide to creating Android applications from scratch. The book starts by introducing you to all the fundamental concepts of programming in an Android context, from the basics of Java to working with the Android API. You'll learn with the help of examples that use up-to-date API classes and are created within Android Studio, the official Android development environment that helps supercharge your mobile application development process. After a crash course on the key programming concepts, you'll explore Android programming and get to grips with creating applications with a professional-standard UI using fragments and storing user

data with SQLite. This Android Java book also shows you how you can make your apps multilingual, draw on the screen with a finger, and work with graphics, sound, and animations. By the end of this Android programming book, you'll be ready to start building your own custom applications in Android and Java. What you will learn

Understand the fundamentals of coding in Java for Android
Install and set up your Android development environment
Build functional user interfaces with the Android Studio visual designer
Add user interaction, data captures, sound, and animation to your apps
Manage your apps' data using the built-in Android SQLite database
Explore the design patterns used by professionals to build top-grade applications
Build real-world Android applications that you can deploy to the Google Play marketplace

Who this book is for
This Android book is for you if you are completely new to Java, Android, or programming and want to get started with Android app development. If

you have experience of using Java on Android, this book will serve as a refresher to help you advance your knowledge and make progress through the early projects covered in the book.

National Theatre Connections 2018 May 01 2022
Theatre has a funny way of getting to the heart of who we are now and – particularly in the case of *Connections* – who we are going to be. Drawing together the work of nine leading playwrights, *National Theatre Connections 2018* features work by some of the most exciting contemporary playwrights. Gathered together in one volume, the plays offer young performers an engaging selection of material to perform, read or study. From friends building bridges and siblings breaking down walls; girls making their voice heard and boys searching for home; and not forgetting a band of unlikely action heroes taking control of the weather. The anthology contains nine play scripts along with imaginative production notes and exercises, as well as a short introduction to the writing process for the

tenth Connections play [BLANK] by Alice Birch. National Theatre Connections is an annual festival which brings new plays for young people to schools and youth theatres across the UK and Ireland. Commissioning exciting work from leading playwrights, the festival exposes actors aged 13-19 to the world of professional theatre-making, giving them full control of a theatrical production - from costume and set design to stage management and marketing campaigns. NT Connections have published over 150 original plays and regularly works with 500 theatre companies and 10,000 young people each year.

Summer's War Dec 16 2020 The kingdom of Summer holds the greatest military in the world of Fairie. It is a land of abundance and riches, ruled by Queen Fennine Firth. She sat invulnerable in the Great Arborium, an ancient tree at the center of the southern kingdom and the heart of the aspect of earth. Then Summer crossed the Demon Prince. Jack has gone rogue, rampaging through the jungles of Summer even as the Black March brings the full might of the horde to the world of Fairie. Queen Claire now must struggle against multiple enemies, all while

trying to hold on to the fragile alliance she worked so hard to create. It will mean all-out war. Can the Autumn Prince survive against a kingdom? Can Fairie survive the Black March's hordes?

Inclusive Texts in Elementary Classrooms

May 09 2020 Learn how to put children's diverse and storied experiences at the center of the curriculum. Schools are more diverse than ever before, but the texts and materials that typify classroom curricula continue to prioritize so-called mainstream stories and perspectives. These canonical texts often exclude the nuanced identities and rich lived experiences of the very children sitting in today's classrooms. But kids thrive when they see themselves in texts and learn about the world around them by connecting with the experiences of others. Based on the authors' work with elementary school teachers over the last decade, this resource offers strategies for moving away from canonical texts. The authors present a four-part framework

for selecting, using, and engaging students with texts that promote children's identity development, literacy engagement and comprehension, and learning across the content areas. The practical text provides guidance for setting learning goals that align with relevant standards and curricular directives, as well as classrooms examples, teaching strategies, and reflective questions. Book Features: An actionable way for teachers to move from theory to practice, using what we know about culturally relevant practice and critical literacy to create instruction that enhances children's classroom experiences and learning. An inclusive and intersectional approach that supports all teachers in enhancing their classroom libraries and curricular resources for the benefit of all students. Specific ideas for texts and authors, as well as more generalizable themes and ideas that will guide future exploration and use of texts in classrooms. Tangible strategies and rich classrooms examples from 20 expert teachers

spanning diverse elementary school settings. Reflective questions to help practitioners personalize the content to their own contexts. **The Semiotics of Israeli Space and Time** Jun 29 2019 Analyses by the Israeli sociologist Michael Feige embraced every aspect of the State of Israel. He examined the ever-changing and complex identity of Israelis; how they remember and commemorate themselves; the long- and short-term conceptions of time of the left- and right-wing political movements; the spacial concept of the settlers; myths underlying the lives and deaths of its citizens; and the dialectical vicissitudes of the real and imagined Israel. The book contains material from Professor Feiges literary output, contextualized in an Introduction by David Ohana. Chapters delve into the meaning of Israeli signs and symbols; the semiotics of secular spaces (sites of disasters and graves of political and religious leaders); the semiotics of historical time and daily existence; forms of commemoration (of

figures like David Ben-Gurion, Yitzhak Rabin, airforce pilots, a female settler and a peace activist). Feige scrutinized communities formed around political cells, the processes of fragmentation and globalization in Israel, the traumas and scars from the Yom Kippur War, the evacuation of settlements, and the killing of Yitzhak Rabin. Feiges scrutiny illuminated Israeli society in myriad ways. He was a sociologist among historians and a historian among sociologists, and internationally acknowledged as having an extraordinary ability to convey sociological meaning and structure to Israel's radical political culture as expressed in its social actions and underlying mythology. *Semiotics of Israeli Space and Time* is not only an essential sociological toolbox for students and an historical masterpiece for the wider Israeli public to better understand the society to which they belong, but a commemorative volume to honour his life and work. Michael was murdered on 8 June 2016 when two Palestinian gunmen

opened fire in the Sarona Market in Tel Aviv. [The Government's motorcycling strategy](#) Aug 12 2020 The Government's Motorcycling Strategy was published in February 2005, with the aim of facilitating motorcycling as a choice of travel within a safe and sustainable transport framework. It had a strong focus on safety including provision on the highway, including road design and maintenance; encouraging safer bike design; promoting correct helmet fitting; and improving rider training. This inquiry looks at the progress in implementing the strategy. In addition it also considers changes to motorcycle licensing arrangements and action that might be taken to reduce the risk posed by mini-motos and go-peds.

Affective Sexual Pedagogies in Film and Television Oct 26 2021 Popular film and television hold valuable potential for learning about sex and sexuality beyond the information-based model of sex education currently in schools. This book argues that the

representation of complicated—or "messy"—relationships in these popular cultural forms makes them potent as affective pedagogical moments. It endeavours to develop new sexual literacies by contemplating how pedagogical moments, that is, fleeting moments which disrupt expectations or create discomfort, might enrich the available discourses of sexuality and gender, especially those available to adolescents. In Part One, Clarke critiques the heteronormative discourses of sex education that produce youth in particularly gendered ways, noting that "rationality" is often expected to govern experiences that are embodied and arguably inherently incoherent. Part Two explores public intimacy, contemplating the often overlapping and confused boundaries between public and private.

The Very Best Bad Idea Feb 27 2022 Do you like to be wrong? Shouldn't you? Why do you think "wrong" is "bad"? In *The Very Best Bad Idea*, Kirk Westwood steamrolls the long-held

premise that right is good and wrong is bad. He paves the way to give anyone who sees situations differently the permission to be proud of their brilliantly unbridled "bad ideas." In this book, you'll learn about: -- The History of Thinking, and how we might be wired incorrectly for the society we live in today. -- An in depth analysis of popular cliches like "don't reinvent the wheel" and "build a better mousetrap" and why we might need to "make friends with the mouse". -- Why people should start embracing their unique views of the world as they are the true genesis of innovation and creativity. And so much more! This book speaks to the entrepreneurs, the creatives, the innovators, and the outcasts as they seek out the secret to conquering innovation. It's an unconventional look at a conventional problem. If you're ready to release the "Kreative" and embrace your individual perspective, get ready for *The Very Best Bad Idea*.

A Pragmatic Look at Valuation (Collection)

Nov 07 2022 A new collection of corporate finance best practices for establishing accurate valuations... 2 authoritative books, now in a convenient e-format, at a great price! 2 authoritative eBooks help you accurately value companies and assets for M&A, restructurings, and key corporate investments Valuation decisions can make or break the success of any merger, acquisition, restructuring, or large-scale corporate investment. Few areas of finance are so important -- or so challenging. This unique 2

eBook package brings together comprehensive and up-to-date guidance for arriving at valuations you can rely upon. *Valuation: Methods and Models in Applied Corporate Finance* is focused entirely on achieving useful results -- avoiding ivory-tower theory you don't need and elementary material you already know. George Chacko and Carolyn L. Evans present a 100% practical and rigorous approach to conducting valuation. Step-by-step, they address the projection of financial statements, calculating free cash flows, risk-adjusted cost of capital, and several leading methodologies, including WACC, flow-to-equity, and APV. Throughout, each concept is explained with realistic examples, and demonstrated with accessible math. No previous mathematical understanding is required beyond basic algebra, probability, and statistics: wherever more advanced math is required, the authors explain it fully. Next, in *Valuation for Mergers and Acquisitions, Second Edition*, Barbara S. Pettit

and Kenneth R. Ferris present a complete, practitioner-oriented view of valuation in the context of M&A and corporate restructurings. Petitt and Ferris guide you through performing a target's financial review, developing forecasts, and assessing the sensitivity of these forecasts to key assumptions. You'll review both traditional and alternative valuation methods, from the basic P/E ratio to a wide range of discounted cash flow models, economic value analysis, and real option analyses. The authors also address closely-related issues such as accounting, financial reporting, and tax considerations. Throughout, you'll find realistic advice for making more informed choices, handling common dilemmas, and overcoming common errors -- all illuminated with real-world examples and illustrations. Whatever your role in establishing valuations or making corporate investment decisions, this collection will help you reduce your risks and improve your performance. From world-renowned valuation

experts George Chacko, Carolyn L. Evans, Barbara S. Petitt, and Kenneth R. Ferris

But Ptolemy is intent on finding her.

The Blue Skies of Autumn Jan 05 2020 On September 11th 2001, 32-year-old Elizabeth Turner was working at Channel 4 when news broke of the attacks on the World Trade Centre. Surrounded by TV screens, like her colleagues, she watched as the horror unfolded. But for Elizabeth, the atrocities were all the more painful - her husband Simon was at a meeting in

the restaurant at the top of the towers as the planes crashed into them. Elizabeth was seven months pregnant with their first child. As the destruction unfolded, and Simon did not call, Elizabeth's world crumbled, and she spiralled into an abyss of grief more painful than most of us can imagine. This immensely moving memoir packs a powerful emotional punch, and hooks the reader from the first page. The author eloquently describes how she had to hit rock bottom before she could start rebuilding a life for herself and her young son William. That she was able to recover at all is testament to the power of the human spirit. But more than this, Elizabeth has forged a completely new life and career and is now living what she calls her 'ultimate life'. Her story offers hope that there is a way through the worst experiences - not with quick-fix solutions but by moving deep within yourself to bring about complete healing and recovery.

Get Carter returns to his greatest invention, a smooth-operating hardcase named Jack Carter, who is about to burn a city down in order to silence an informant... London. The late 1960s. It's Christmastime and Jack Carter is the top man in a crime syndicate headed by two brothers, Gerald and Les Fletcher. He's also a worried man. The fact that he's sleeping with Gerald's wife, Audrey, and that they plan on someday running away together with a lot of the brothers' money, doesn't have Jack concerned. Instead it's an informant - one of his own men - that has him losing sleep. The grass has enough knowledge about the firm to not only bring down Gerald and Les but Jack as well. Jack doesn't like his name in the mouth of that sort. In Jack Carter's Law Ted Lewis returned to the character that launched his career and once again delivered a hardboiled masterpiece. Jack Carter is the ideal tour guide to a bygone London underworld. In his quest to dismantle the opposition, he peels back the veneer of

English society and offers a hard look at a gritty world of pool halls, strip clubs and the red lights of Soho nightlife. PRAISE FOR TED LEWIS 'Carter is no hero, killing rival villains without compunction, manipulating one and all (male or female) to his advantage. But he does have a darkly contagious sense of humor, and his observing eye is keen and mean, as always' - Wall Street Journal 'An example of how dangerous writing can really be when it is done properly... Ted Lewis's writing proves that he never ran away from the page. Because with Lewis, the page was the battle' - Derek Raymond 'Ted Lewis is one of the most influential crime novelists Britain has ever produced, and his shadow falls on all noir fiction, whether on page or screen, created on these isles since his passing. I wouldn't be the writer I am without Ted Lewis. It's time the world rediscovered him' - Stuart Neville 'Ted Lewis cuts to the bone' - James Sallis 'When it comes to dealing with your actual hard man, no one does it better than the

late, great Ted Lewis' - John L Williams

Eating children is wrong. But what did you expect from a creature that slurps other people's bogies? When Rufus Sebbleford learns that trolls plan to attack Sludgeside School, he has to act fast. He and Polly hatch a plan with the help of their new friend Bruno, unaware that Bruno happens to be a troll. A school trip to the Mr Splendiferous Science Park results in chaos, when the mad scientist is found to be keeping a dangerous troll locked up in the grounds. And Rufus comes face to face with the dangerous sporting hero Brawnulator Powerknees, when a skiing holiday to the Craggle Alps collides with the Winter Trollympics. A stinky, squelchy adventure; a slimy, sausage-slinging adventure; and a slippery, icy adventure - all packed into one gruesome volume.

Animal Words Aug 04 2022 Mhumhi, a young painted dog, has always been certain of one

thing: that the dogs rule the city, and that the few remaining humans are helpless against them. When his unconventional pack takes in two small children, however, he doesn't realize that everything he thinks he knows is about to be unraveled. Mhumhi and his children are captured and taken below the city by the mysterious bouda, a group of humans with strange ties to spotted hyenas. These humans are not helpless: in fact, they threaten to upset the balance between dogs and humans. But Mhumhi has more than that to worry about. Soon he will have to make a choice- should he continue to make his human children a part of his dangerous life, or should he entrust them back to their own kind? He'll have to decide fast, because as the city's food supply dwindles, darker machinations are beginning to stir, and to escape them Mhumhi and his pack may have to go beyond the city for the first time.

The Cultural Experience Mar 07 2020 The Cultural Experience has helped generations of

undergraduates discover the excitement of ethnographic research through participation in relatively familiar cultures in North American society. Grounded in the interviewing-based ethnographic technique known as ethnosemantics, the latest edition continues to treat ethnography as a discovery process. Students are taught how to set up an ethnographic field study, choose a microculture, and find and approach an informant, as well as how to ask ethnographic questions, record data, and organize and analyze what they have learned. Detailed instruction on how to write an ethnography is also provided. The guidelines are followed by ten short but substantive, well-written student ethnographies on such microcultures as exotic dancing, firefighting, pest extermination, and the work of midwives and police detectives. The Second Edition of this popular classroom volume includes boxed inserts that offer suggestions to aid in the research process, material on how to use observation and

narratives with the ethnosemantic approach, an emphasis on how to find cultural themes and adaptive challenges by analyzing ethnographic field data, and extensive strategies for writing the final ethnographic paper. It also presents a comprehensive treatment of ethical responsibilities as well as a discussion of the significance of ethnographic research and its applications in the workplace.

Unbound Sep 24 2021 The sweeping, multigenerational story of two iron-willed women, a grandmother and granddaughter, Unbound is also a richly textured, turbulent portrait of the city of Shanghai in the twentieth century—a place where everyone must fight to carve out a place for themselves amid political upheaval and the turmoil of war. Mini Pao lives with her sister and parents in a pre-war Shanghai divided among foreign occupiers and Chinese citizens, a city known as the “Paris of the East” with its contrast of vibrant night life and repressive social mores. Already considered

an old maid at twenty-three, Mini boldly rejects the path set out for her as she struggles to provide for her family and reckons with her desire for romance and autonomy. Mini's story of love, betrayal, and determination unfolds in the Western-style cafes, open-air markets, and jazz-soaked nightclubs of Shanghai—the same city where, decades later, her granddaughter Ting embarks on her own journey toward independence. Ting Lee has grown up behind an iron curtain in a time of scarcity, humility, and forced-sameness in accordance with the strictures of Chairman Mao's cultural revolution. As a result, Ting's imagination burns with curiosity about fashion, America, and most of all, her long-lost grandmother Mini's glamorous past and mysterious present. As her thirst for knowledge about the world beyond 1970s Shanghai grows, Ting is driven to uncover her

family's tragic past and face the difficult truth of what the future holds for her if she remains in China.

Deliberative Mini-Publics Jan 29 2022 The first comprehensive account of the booming phenomenon of deliberative mini-publics, this book offers a systematic review of their variety, discusses their weaknesses, and recommends ways to make them a viable component of democracy. The book takes stock of the diverse practices of deliberative mini-publics and, more concretely, looks at preconditions, processes, and outcomes. It provides a critical assessment of the experience with mini-publics; in particular their lack of policy impact. Bringing together leading scholars in the field, notably James S Fishkin and Mark E Warren, *Deliberative Mini-Publics* will speak to anyone with an interest in democracy and democratic innovations.
